

Junior Achievement[®]
of Alabama

Impact Data

2019-2020

Junior Achievement of Alabama recorded over 94,000 student contact hours. **That's over 3,900 days, 128 months, or 10 years.** This was for one year of programming provided to kids here in our community!

The business community is the backbone to our organization and we were fortunate to have over 250 business partners give their time, talent, and financial support to **inspire students to dream big and help them build a better future.**

All of these components are vital to have a successful program year, and JA of Alabama thanks all its partners for their continued support in helping build brighter futures across the state.
