

# Impact Data

2021-2022

Junior Achievement of Alabama recorded over 138,102 student contact hours. That's over 5,754 days, 191 months, or 15 years. This was for one year of programming provided to kids here in our community!

The business community is the backbone to our organization and we were fortunate to have over 240 business partners give their time, talent, and financial support to inspire students to dream big and help them build a better future.

All of these components are vital to have a successful program year, and JA of Alabama thanks all its partners for their continued support in helping build brighter futures across the state.
