

the best way to envision your future is to create it

JUNIOR **ACHIEVEMENT** Business Plan Challenge

This competition is open to all high school students wanting to become an entrepreneur.

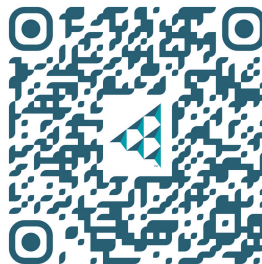

The Junior Achievement Business Plan Challenge is an extension of the JA Be Entrepreneurial classroom programs in which students create professional business plans that showcase an innovative idea for a product or service. Through participation in the JA Be Entrepreneurial program, students receive advice from their teachers and business volunteers who help them perfect their pitch. Ultimately, students from participating schools compete before a panel of mock venture capitalists, and winning students will be awarded scholarship prizes.
